Points of Progress

- 1) Antarctica:** A scientist discovered four colonies of Emperor penguins via satellite images. In images taken by two satellites between 2018 and 2022, one colony was previously thought to have disappeared altogether. The total number of known colonies is now 66.
- 2) England:** A nonprofit that encourages teaching as a second career is drawing more interest every year, expanding diversity and filling shortages.

Second Annual Spring Cleaning Bee, Sat May 11, 9-2- Spring is here, and we are looking to do a bit of a clean up of the church and the church yard again this year! We are looking for volunteers to come together on May 11th. The range of work will be some sweeping of the parking lot, raking of the lawn, wiping down cabinets in the kitchen, and more! It will be a come and go event. We request that if you intent to do some yard work, to bring some rakes along so there is enough to go around. If you have a leaf blower that you are willing to bring along, it would go a long way. There will be some snacks and hot beverages provided as well! So if you can spend 20 min or 2 hours, we would enjoy your company!

New payment option, NPMC has set up a new account to receive payments via Visa and MasterCard. We request that you not use this to replace regular donations made via Direct Payments, cheques or cash. There are extra service charges associated with this form of payment. To make donations using this method, please contact Gordon Peters directly via phone at 306-221-9537.
